Top exported countries

Our export sales grew by **100%** compared to the previous year.

## ABOUT US

Trizone Supply Cosmetic Foreign Trade and Marketing Incorporation was established in 2018 by Acun Ilicali and Can Melek. We distribute our products through retail chains and online sales channels across Turkey. Initially focusing on selling slippers to Turkey's primary retail markets, we responded to escalating demand by founding our factory in Erzurum in 2020. Spanning **18,000 m2**, our facility houses **14 EVA injection** machines, enabling us to meet an annual production capacity of **12,000,000 pairs**.

Alongside EVA injection slippers, we engage in private label manufacturing for key Turkish retail brands. Equipped with advanced raw material production machines and ample storage, we ensure top-quality products at competitive prices for our customers. Our diverse range includes over a hundred different slippers across three main categories: men, women, and children, available under our **Juno, Juno Kids, Yooyu, and Yooyu Kids** brands.

Beyond serving prominent Turkish companies, we export our products to countries including Germany, United Kingdom, France, Morocco, Italy, Belgium, Bulgaria, Croatia, Greece, Serbia, and Sweden. Our strength lies in meticulous planning, a robust organizational setup, and swift responsiveness to our partners' needs, establishing us as a dependable and sought-after business ally.

Our aim is to augment our private label manufacturing capacity and expedite the introduction of new products under our brands, continually striving for enhanced customer offerings.
